Pacific Service Credit Union does not charge a balance transfer fee. Balance transfer payments are sent as paper checks to all card issuers. Please allow 2 – 3 weeks to process your balance transfer. Continue to make your monthly payment on these other issuer accounts until the payment for the transferred amount appears on your other issuer's statement. Pacific Service Credit Union is not responsible for late payments, interest or fees on your other issuer's account. We are not able to close your account even if you transfer the entire balance. If you want to close the account, you will need to contact the issuer directly. Balances transferred up to your established limit. Pacific Service Credit Union may not be able to process a balance transfer request if it exceeds your available credit limit. Balance transfers do not qualify to earn Rewards points. If you transfer an amount for a transaction you dispute, you may lose some or all of your rights against the other issuer.

Under certain circumstances (for example, if your account is past due or over limit, or if we reasonably believe you will be unable or unwilling to repay the balance, or as described in your Visa Card Account Agreement and Federal Truth-in-Lending Disclosure), we may decline to process your transaction, in which case you will be notified. You understand and agree that your balance transfer request is subject to Pacific Service Credit Union's approval, at its sole discretion. For further details about terms and conditions on your account, including terms and conditions applicable to the requested balance transfer, please refer to your Visa Card Account Agreement and Federal Truth-in-Lending Disclosure.
